DETAILED ACTION

Allowable Subject Matter

1. Claims 1-14 are allowed.
2. The following is an examiner's statement of reasons for allowance: The Prior arts Sheridan et al, Pamula, Kawanami et al fails to teach a display unit comprising at least one electro-wetting pixel, each electro-wetting pixel comprising: a closed cell; a polar liquid and a non-polar liquid, said liquids being immiscible, having different optical properties and being contained in said cell; a counter electrode; and at least one electrode pair, each electrode pair comprising an address electrode and a retain electrode, said address and retain electrodes being separated from said liquids by a surface that is lyophobic in relation to only one of said liquids; and wherein said address and retain electrodes are arranged at respective electric potentials to control a spatial distribution of said liquids and thereby defining a multi-stable pixel state, and wherein a current state is retained by applying a potential to the retain electrode in relation to the counter electrode and removing any potential from the address electrode in relation to the counter electrode as claimed in Claim 1.
3. The Prior arts Sheridan et al, Pamula, Kawanami et al fails to teach a method for bistable addressing of at least one electro-wetting pixel, each pixel comprising an address electrode, a retain electrode and a counter electrode, in which an active state is set by applying a potential to the address electrode and the retain electrode in

relation to the counter electrode; and in which a passive state is set by removing any potential from the address electrode and from the retain electrode in relation to the counter electrode; the method further comprising the step of retaining a current state by applying a potential to the retain electrode in relation to the counter electrode and removing any potential from the address electrode in relation to the counter electrode as claimed in Claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
